C. Foundation Report – Lopp

Lopp reported on the all-day Foundation Retreat that was facilitated by Ned Cooney. Retiring board members leave with a wealth of knowledge that should be passed on to the remaining board members.

Since Laura Long will be leaving the Flathead County Library Board of Trustees after eight years of service, Lopp asked her to reflect on her time as an FCLS Trustee...Long said that what we do is really important to the community. She noted that she succeeded Lonnie Parsons and Kathy McKay. IN looking through her 8 years of paperwork, milestones for her included: selection of a new Director and she thinks Kim Crowley is a fabulous director who has done fabulous things with a budget that was limited; recruitment of citizens to develop a plan of service; exploring sites for branches in Bigfork and Columbia Falls; the 2003 needs assessment; participation in the 13 member Partners group because of Crowley's experience with a resource sharing group in Colorado; staff successes such as the FCLS website, on-line resources and The Big Read. It is all of this that has made her proud to have been a member of the Flathead County Board of Trustees. In addition, she says she has also learned a lot about herself. She urged the Board to continue holding fast to what is right for the FCLS and for the community and stay true to the mission, while safeguarding the ethics and moral values of the library system. Long said this Board is a delight and feels such unity among the members. She added this Board speaks with one voice and acts with integrity, motivated from the right place.
